Privacy Policy

This page informs you of our policies regarding the collection, use, and disclosure of personal information we receive from users of our site (https://DigiByte.io). We use your personal information to better understand your usage of the site and to collect traffic statistics. By using the site, you agree to the collection and use of information in accordance with this policy.

Log Data

Like many site operators, we collect information that your browser sends whenever you visit our site ("Log Data"). This Log Data may include information such as your computer's Internet Protocol ("IP") address (with replaced last byte), browser type, browser version, the pages of our site that you visit, the time and date of your visit, the time spent on those pages and other statistics.

Cookies

Cookies are files with small amount of data, which may include an anonymous unique identifier. Cookies are sent to your browser from a website and stored on your computer's hard drive. You can instruct your browser to refuse all cookies or to indicate when a cookie is being sent. However, if you do not accept cookies, you may not be able to use some portions of our site.

We use cookies for the following purposes:

To keep track of whether you have pressed the "OK" button on the cookie disclaimer, so we don't bother you with the notification if you have.

Our Analytics software (Google Analytics) uses cookies to measure and better understand user-interactions on our Site. You can read more about how Google Analytics uses cookies here.

Our push notifications service (OneSignal) uses cookies to collect anonymous information of the visitors who wants to receive push notifications and makes it possible to manage them by us

Google Analytics

We use a third-party JavaScript plug-in provided by Google called "Google Analytics" to provide us with useful traffic statistics and to better understand how you use our site. We do not have direct access to the information obtained from Google Analytics, but Google provides us with a summary through their dashboard.

We may share the information obtained from Google Analytics with business partners who are interested in advertising on our website. The information shared with these business partners will not contain any personally identifying information (Google does not provide us with direct access to the data and therefore we cannot see this information).

You can opt-out of having your information collected by Google Analytics by downloading the Google Analytics opt-out browser add-on provided by Google. This will prevent your information being used by Google Analytics. Doing this will not affect your ability to use our Site in any way. You can download the opt-out browser add-on here. We also honor the Do Not Track header and will not track visitors who have Do Not Track switched on.

OneSignal

OneSignal allows us to send messages and notifications to users across web browsers. Messages can be sent to single devices, groups of devices, or specific topics or user segments. Depending on the permissions granted to our website, the data collected may also include location or WiFi information. OneSignal uses identifiers for visitors and technologies similar to cookies to run the OneSignal service.

The Data collected may be used by the service provider for interest-based advertising, analytics and market research. In order to understand OneSignal's use of Data, consult OneSignal's privacy policy.

Changes to this Privacy Policy

We may update this privacy policy from time to time. We will notify you of any changes by posting the new privacy policy on the Site. You are advised to review this privacy policy periodically for any changes. This Privacy Policy was last updated: 1st December, 2019.

Contact Us

If you have any questions about our privacy policy, or how your data is being collected and processed, please e-mail info@DigiByte.io.
